

FADE Wall ventilators

Axial Plated / Cabinet Mount Fans with Direct Drive Motors

- Shallow Profile (FADE)
- Aerodynamic Propeller Blades
- Powder Coated Plate (FADE)
- Galvanized Steel Housing (FADE WHD)
- Quiet Operation

[Find more details in our online catalogue](#)

Space-Saving Design

Designed to effectively and quietly handle major ventilation challenges without taking up valuable space.

Excellent Heat Dissipation

The external rotor motorized propeller provides excellent heat dissipation in the air stream, even at a low RPM.

Plate or Cabinet Models

FADE models include a square wall plate. FADE WHD models include a wall cabinet and backdraft damper.

Quiet Operation

Statically and dynamically balanced for vibration-free operation, FADE fans can handle major ventilation challenges.
