Energy Efficiency

Facilitates energy savings by recovering energy from the building's exhaust air and using it to temper the incoming outdoor air.

Versatile Applications

Designed to serve a wide range of commercial and institutional spaces, where balanced ventilation is essential.

Year-round performance

Equipped with automatic defrost mechanisms, the appliance can operate effectively throughout the year, even in cold climates.

Defrost Mode

Equipped with a supply fan shutdown defrost to prevent the heat recovery core from freezing to maximize performance in cold climates.

Certifications

CSA Mark

This product has been rigorously tested to applicable standards written or administered by the ANSI, UL, CSA, NSF, and other North American and global organisations.

AHRI Certified

This product is certified by AHRI. The AHRI Certified® mark indicates our participation in the AHRI Certification program. For verification of individual certified products, go to https://www.ahridirectory.org
