#### Airtight Design

The two-piece stamped, galvanized construction of the housing ensures durable, leak-free, and low-noise operation.

#### Versatile Application

Suitable for exhaust and supply air, making it ideal for commercial and residential ventilation applications.

#### Simple Installation

Mounting brackets and hardware are included, facilitating easy installation within ductwork at any angle or direction.

#### Simple maintenance

With no maintenance required to the fan, ventilation systems with an FG fan perform year after year as intended.
