# **Specification Sheet**

# VHR 150R

# Heat Recovery Ventilator

Product #: 99204

## Features

- 6" (152mm) oval duct connections with integrated airflow measurement
- Compact design
- Fans with backward curved RadiCAL blade
- Electrostatic filters (washable)
- Aluminum heat recovery core
- Removable screw terminal for easy connection
- Lighweight 44 lbs (20Kg)
- Multiple speed operation
- Internal recirculation defrost

## **Optional Controls**

- ECO-Touch™ (#44929) Programmable Touch Screen Wall Control
- EDF7 (#44883) -• EDF1R (#40393) -
- (#44883) Electronic multi-function dehumidistat (#40393) – Multi-function control

- 6" (152 mm) oval

- (#40164) 20 minute timer over-ride
- RTS5 (#44794) 20/40/60 minute timer
- MDEH1 (#40172) Dehumidistat

- 120/1

- 156 W

- 1.2 A

## **Specifications**

RTS2

- Duct size
- Voltage/Phase
- Power rated
- Amp
- 159 cfm (75 L/s)
- Average airflow
  @ 0.4" P<sub>S</sub> (100Pa)

#### Fans

Two (2) factory-balanced fans with backward curved blades. Motors come with permanently lubricated, sealed ball-bearings to guarantee long life and maintenance-free operation.

#### **Heat Recovery Core**

Aluminum heat recovery core configured for an efficient cross-flow ventilation. Core is 9" x 9" (229 x 229 mm) with a 15" (380mm) depth. Cores are manufactured to withstand extreme temperature variations.

## Wintergard™ Defrost

The VHR150R incorporates a unique and quiet internal recirculation defrost that does not depressurize the home during the defrost cycle. A preset defrost sequence is activated when the outdoor temperature falls below 23°F (-5°C) and automatically adjusts itself based on operating conditions. The fan speed is also adjusted automatically to provide a smooth and quiet transition between Ventilation & Defrost mode.

## Serviceability

Core, filters, fans, drain pan and electrical panel can be accessed easily from the access panel. Core conveniently slides out with only 17" (432 mm) clearance.

## **Duct Connections**

6" (152 mm) Oval plastic duct connections with integrated balancing damper and airflow measurement ports.

# Case

24 gauge galvanized pre-painted steel corrosion resistant

# Insulation

Cabinet is fully insulated with 1" (25 mm) high density expanded polystyrene.

# Filters

Two (2) washable electrostatic panel type air filters 8.5" (216mm) x 15" (380 mm) x 0.125" (3mm).

## Controls

External three (3) position (Low/Stand By/Medium) rocker switch that will offer continuous ventilation. Fantech offers a variety of external controls. (see controls)

## Installation

Unit is typically hung by using installation kit supplied with unit. Mounting bolts provided on top four (4) corners of unit.

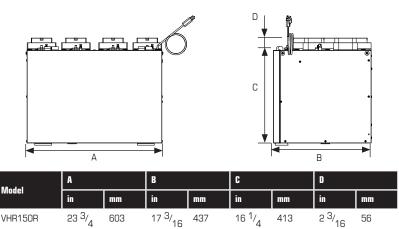

# Warranty

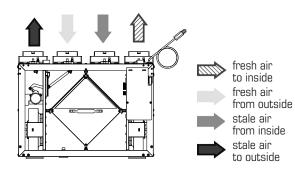

Limited lifetime on aluminum core, 7 year on motors, and 5 year on parts.

#### **Dimensions & Airflow**

437 Clearance of 17" (432 mm) in front of the unit is recommended for removal of core. All units feature three foot plug-in power cord with 3-prong plug.

#### **Requirements and standards**

- Complies with the UL 1812 requirements regulating the construction and installation of Heat Recovery Ventilators
- Complies with the CSA C22.2 no. 113 Standard applicable to ventilators
- Complies with the CSA F326 requirements regulating the installation of Heat Recovery Ventilators
- Technical data was obtained from published results of test relating to CSA C439 Standards
- HVI certified
