

## PRO150

### Ceiling Exhaust Fan

Ventilating fan should be ceiling mounted and capable of exhausting air quietly and efficiently. The PRO series shall be HVI and ENERGY STAR certified. It comes with a capacitor start motor which is known for its high efficiency and long lasting reliability. It holds an ETL listing and conform to UL and CSA safety standards.

#### Features

- HVI and ENERGY STAR certified
- High efficiency capacitor start motor
- Very quiet - as low as 0.5 sones
- Plug and play concept
- 6" Duct Connections
- Built in back draft damper
- Rust proof paint housing
- Adjustable bar hanger 14-24"
- Low profile grille
- Ceiling mount

#### Accessories

- HS Series — Louvered Exhaust Shutter
- CRD Series — Ceiling Radiation Damper

#### Specifications

- Duct size — 6"
- Voltage/Phase/Hz — 120/1/60
- Power rated — 35 W
- Amp — 0.3 A

#### Pending Requirements and Standards

- HVI & ENERGY STAR Certified
- ETL Listed
- Can be used to comply with ASHRAE 62.2
- CA Title 24

#### Description

Ventilating fan should be ceiling mounted and capable of exhausting air quietly and efficiently. The PRO series will be HVI and ENERGY STAR certified. It comes with a capacitor start motor which is known for its high efficiency and long lasting reliability. It holds an ETL listing and conforms to UL and CSA safety standards.

#### Housing

Rust proof paint housing.

Detachable 6 inch round compatible collar which includes a light weight built in back draft damper.

Single piece EZ mounting bracket that is adjustable up to 24 inches; allows for ideal positioning.

#### Motor/Blower

Plug in permanently lubricated motor- engineered for continuous operation.

The motor is energy efficient and surpasses the minimum ENERGY STAR requirements

Electrical requirements: 120V/1ph/60Hz.

Acceptable for use over a bathtub or shower when installed in a GFCI protected branch circuit.

Motor is thermally protected to meet safety standards and increase motor life.

Our PRO series operates at lower RPM's to give you quieter operation.

#### Grille

The Premium grille is a low profile that has elegance and is still able to maintain its simplicity.

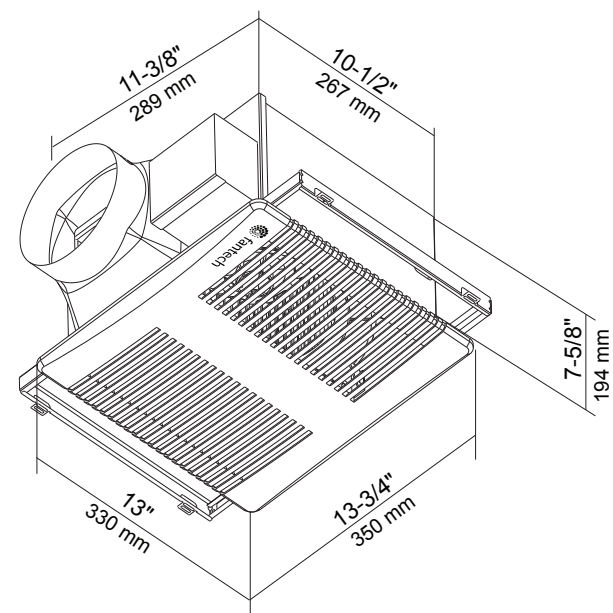

Made of a rugged polymeric resin that's known for its long life durability.

Powerful torsion springs seat the grille tightly and evenly to the ceiling surface.
